FROM THE ICE

Artfully chilled, stylishly served

Alexandre Echassieriau created a real artwork in silver. His ICE-BERG is an ingenious drink chiller with a phenomenal effect.

FROM THE NATURE

Silver leaves en pointe ballet

Ted Muehling's sensual objects are inspired by nature. His first edition for Wiener Silber Manufactur recreates forms and structures of lancet leaves and seed vessels from tropical trees.

FROM THE VOLCANO

Vases of majestic grace

Zaha Hadid's objects are vigorous, dynamic and at the same time sensuous and soft. Just as her vases „Loa“ und „Vesu“, which are true masterworks of silversmith art.

FROM THE PAPER

Bowls in origami style

Julia Obermüller's design is inspired by the Japanese art of origami. The silversmith achieved to fold silver such as paper. The outcome of this experiment is a series of graceful bowls of striking simplicity.
